Message

FROM THE *Club President*

Greetings, K-Sisters

It's summertime right now, and it's hot! To stay hydrated, make sure you are drinking lots of water.

We tend to calm down and take a break from our activities during this time of year. I think our free time activities have the power to alter who we are. Most of us are so busy rushing through the day that it is simple to let those spare moments pass us by.

But I think it's essential to use time intentionally, which is one of our most valuable resources. We have time to think, plan, and generate fresh concepts. All Kiwanians share the commitment to volunteering our leisure time for the benefit of others.

There is still time for us to get to know the new members of our Kiwanis Club. Let's make them feel WELCOME. Visit our new members, try to get to know them, and let's demonstrate to them how much we care!

Always keep in mind that we are looking for new members who wish to contribute to our community service purpose and, ideally, who will have fresh perspectives.

We seek out those who can assist. We see a need and meet it. And we put more than our time into our service - we put your whole heart into it.

One could feel overwhelmed while considering everything that must be done in this world. However, being a Kiwanian means that you are always more than one person. There are many Kiwanians supporting you!

Let's support one another wholeheartedly. Let's be clear: Kiwanians have a lot of support behind them when they put their energy into a project.

We are on team - Team Kiwanis Club of New Kingston

- Amplify skills training and leadership development for our members and Service Leadership Programs.
- Implement new initiatives and projects to enhance our impact and the Clubs sustainability.
- Boost the Clubs visibility and brand awareness through additional digital and other modes of communication in marketing.
- Expand collaborations and partnerships to improve the Clubs efficiency, effectiveness, and resource utilization to drive broader social change.

WOW STORIES!

Many persons take it for granted that each person they meet can communicate in an audible manner. That is not always the case. Here are some sign language facts:

1. It's the fourth most used language in the UK
2. Different countries have their own versions of sign language
3. Sign language uses more than just hand gestures, body language and facial expressions are also noted.
4. Many deaf people have 'name signs'
5. Sign language isn't as difficult to learn as it looks.

Be the Solution

It's time.

Because children are our future... Let's invest in them!

At PwC, we believe that the future success of our nation is grounded in the contributions we make for our children today. That's why we support programmes which take a comprehensive approach to fostering growth and development in our youth, inclusive of their overall well-being.

Let's invest in a brighter and happier Jamaica. Respect and protect every child.

HELPING HANDS: DONATION OF CARE PACKAGE

We make a living by what we get, but we make a life by what we give. Winston Churchill

The Community Services Committee (CSC) continued to support the homeless by donating 10 care packages on Thursday August 11 to the George Abraham's Home in Bryce Hill, August Town. The Home is managed by the Poor Relief Department and presently houses 6 residents including 3 children. The care packages contained a small towel, bath soap, toothpaste, toothbrushes, and hair combs. Special thanks to DLG Gerthlyn Reid-Holman for donating the care packages.

On hand for the donation were Kiwanian Sammara Reynolds, Director Judith Francis, and Chairman Nadine Newman. The items were handed over to Ms. Powell, one of the poor relief officers, who accepted the donation on behalf of the Poor Relief Department. She expressed her heartfelt thanks and appreciation to the CSC for the support.

We have provided the well known Primary & Prep School Spelling Bee Competition in the hands of the youngsters. The app is sponsored by Grace Kennedy Money Services (GKMS) and Western Union (WU) and was built by Bazzle Amusement.

The KCNK Little Bee Game can be played anywhere without an internet connection, with two learning modes and the competition mode. Each mode has 10 levels as words progressively get larger towards the end. Each Level has 15 or more words to learn. The words of a particular level are the same words for each mode.

In Settings, the Student can enter their name, age, parish and school. They can select from Learning Mode 1, Learning Mode 2 or Competition Mode.

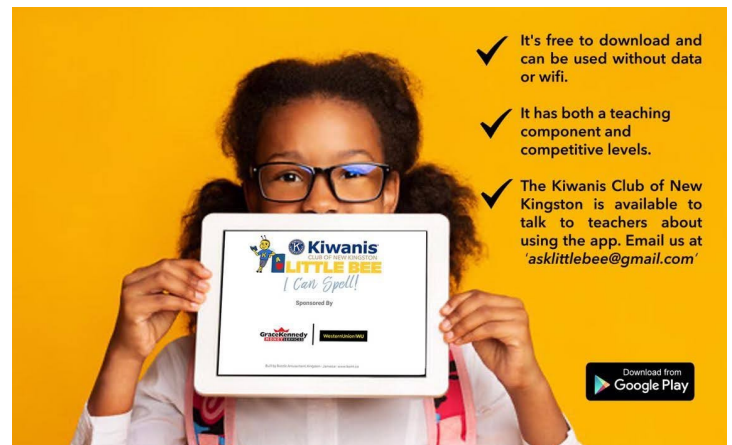

Learning Mode 1:

Students can learn to spell a word by taping each letter in the word, from left to right, (from the first letter to the last). The KCNK Little Bee app says the name of the letter out loud so the children can say along. If the student makes a mistake, they can tap on the mistake to undo it. If the student wants to hear the word again, they can tap on the little bee at the top left of the screen.

In this mode the student has to spell correctly each word to move on to the next word, and correctly spell all words to complete the level. The student can redo any level at any time. Students must complete early levels before starting later levels.

Learning Mode 2:

Students are given the letters of each word in jumbled (mixed up) fashion, and are asked to spell the called word correctly. If the student makes a mistake, they can tap on the mistake to undo it. If the student wants to hear the word again, they can tap on the little bee at the top left of the screen. In this mode the student has to spell correctly each word to move on to the next word, and correctly spell all words to complete the level. The student can redo any level at any time. Students must complete early levels before starting later levels.

Competition Mode:

Students are given the letters of each word in jumbled (mixed up) fashion, with extra letters added (thrown in) and are asked to spell the called word correctly. The student is timed for each word, and each time is added to their total for the level. Students are given 10 random words from the pool of words for the level. Students should aim to complete each level in the shortest amount of time possible. The leader board (main page) shows how much time was spent on each level.

Students can reset the game and start again on the Settings page. While playing, students should wait until a letter has been finish being called before selecting the next letter. Students and Parents can feel free to screen capture their leader board to send to their teachers.

KIWANIANS TWO FOR TWO CAMPAIGN

When you're ready to start contacting people and scheduling meetings, don't leave things open-ended. Make sure to agree on a time and location with the prospective member. When you meet, keep a few tips in mind:

Remember your key message. Above all, make sure the prospect understands what Kiwanis is about. The key message: Kiwanis is a global organization of members, clubs and partners who are dedicated to improving the world one child and one community at a time.

Be observant. If meeting at their home or office, look around during your visit. Take note of items such as wall plaques, photos, awards, etc., so you can engage prospects based on their interests.

Listen. Find out what their interests are and connect them to club projects when possible. Talk with them, not at them.

Take an application. Complete the application with the prospect and ask for payment. If they can't pay at that moment, offer other options for picking up or receiving payment. Know how much to ask for and how the money is used.

Take a notebook. After the meeting, write down anything you consider important. A prospect who doesn't join today might join later — and your information will be useful then.

Follow up. Make a phone call or send a note thanking them for their time, regardless of whether they agreed to join. Either way, make sure they know they're on your mind.

Don't give up! A "no" may not be permanent. Invite them to a service project if the club has one coming up and connect with them on Facebook or LinkedIn. Post photos of activities on social media. Make sure to share your contact information.

Leadership #7 - How to Develop the Leader within You Step 2 - Part III

Kiwaniis
EASTERN CANADA AND THE CARIBBEAN DIVISION 23 EAST

After assessing your current leadership skills (Step 1), you can increase your influence and leadership potential if you understand the 5 Levels of Leadership. Influence with people can developed in 5 Stages:

LEVEL 5: PINNACLE - RESPECT - PEOPLE FOLLOW BECAUSE OF WHO YOU ARE AND WHAT YOU REPRESENT. This highest level is based on reputation. Only a few leaders reach this level. Those who do have led well, proven their leadership over a lifetime, have invested in other leaders and raised them up to Level 4, and have developed influence, not only in their organization, but beyond.

So, at Level 1, club members have to follow the Leader because of position/authority; at Level 2, club members want to follow the Leader because of relationships; at Level 3, club members admire and appreciate the Leader because of results; at Level 4, club members become loyal to the Leader because of what the Leader has done for them personally; and at Level 5, everyone respects the Leader.

WHAT LEVEL LEADER ARE YOU?

Developing the Leader within You 2.0 - John C. Maxwell
